Description

Glen Park West Retirement Community is an assisted living facility. Assisted living facilities are an apartment-style habitat designed to focus on providing assistance with daily living activities. They provide a higher level of service for the elderly which can include preparing meals, housekeeping, medication assistance, laundry, and also do regular check-in's on the residents. Basically, they are designed to bridge the gap between independent living and nursing home facilities. When thinking about how to pay for care, assisted living facilities are generally less expensive than nursing homes, if assisted living is a viable option for your loved one.

Also, Glen Park West Retirement Community is a Senior Community. Senior communities are for seniors who can take care of themselves. It is often a set of apartments in a variety of sizes from studios to large two bedrooms, where seniors live independently, but may receive additional services like transportation, pools, a convenience store, bank, barber/beauty shop, resident laundry, housekeeping, and security, are all services and amenities that may be provided there.

Also, Glen Park West Retirement Community facility provides Alzheimer's care. This means it has special safeguards for wandering seniors, and caregivers are trained in handling dementia behaviors.

Also, Glen Park West Retirement Community care provider provides hospice care. Hospice care is an infusion of home care and facility care provided to benefit terminally ill patients and support their families through their tough times.
